ALKALINITY NEUTRALISER FOR AUTOMATIC WASHING OF FABRICS

- Highly biodegradable. Adjusts the pH of washed fabrics
- Optimised for use with Oxipur system products
- Suitable for use in the food industry

Citric acid based alkalinity neutraliser additive for automatic washing of fabrics. It prevents the formation of solid residues, giving fabrics a fresh and soft feel. It prevents irritation of skin coming into contact with the washed fabric. It is able to prevent the formation of sunscreen yellow stains. Suitable for use in the food industry.

HOW TO USE

To be used with the other products of the Oxipur range, and with Sutter Tech automatic dosing systems.

DILUTION

- Automatic dosing: to be dosed according to the cycle of washing, water hardness and kind of dirt. Optimised for use with Oxipur system products and with Sutter Tech automatic dosing systems.
- For food industry use: 3-5% .

For further information please contact the Sutter Professional technician.
